DENISON is one of the ablest men that Ohio has ever given to the service of the republic. He has held many positions of bonor and trust, has been Governor of the State, and was the successor of Montgomery Blair as Postmaster-General in Mr. Lincoln's Cabinet. Disagreeing with President Johnson on the general outline of his "polley" with regard to the late insurrectionary States, he nevertheless held to his position until the Wigwam Convention caused a complete and final breach, and his voluntary exit from the Cabinet.

HARRAUBER was recently the United States Minister to the Republic of Ecuador, South America.

GARFIELD has made his way from the humble position of driver of a canal boat team to that of a Major-General, and a leading spirit in the National House of Representatives. He is a native of Ohlo, and a lawyer by protession. In 1859 and 1860 he was a member of the Ohio Senate. In 1861 he entered the army as Colone! of the 42d Ohio Volunteers, and in 1862 was commissioned a Brigadier-General. He served at the battle of Chickamauga as Chief of Staff to General Rosecranz, and was made a Major-General for his gallant conduct in that memora ble action. In December, 1863, he entered the lower House of Congress.

SCHENCK, DELANO, EGGLESTON, and SHELLA-BARGER are faithful Representatives in Congress of a thoroughly radical constituency.

Pennsylvania.

On the 22d of August, his Excellency Governor Curtin issued the following circular, addressed to each one of the radical Representatives of the State in the present Congress:-

SIR: - The Southern Unionists who are to me et in the city of Philadelphia on the 3d of September, declare in their call that they ap-prove the action of Congress, and desire the restoration of the Government on the basis pre-sented to the people in the amendments proposed to the Constitution. Regarding you and your colleagues who sympathize with them as proper representatives of the sentiment that induced their call, I i, vite you to meet them, and give their councils such help and encourage-ment as will contribute to the restoration of permanent peace and prosperity to our country.

The Union State Central Committee subse quently announced, in an address signed by Col. Frank Jordan, its Chairman, the delegates at large. The whole delegation is as follows:-DELEGATES AT LARGE,

Andrew G. Curtin. Simon Cameron, General John W. Genry, John W. Forney.

5. M. Russell Thayer,
7. John M. Broomail,
9. Thaddeus Stevens,
13. Ulysses Merour, 14. George F. Miller,

CURTIN, the present Governor of the State, has thoroughly identified his name with the history of the country by the earnestness with which he devoted all his energies to repleting the ranks of the army during the civil war, and by his uniform kindness to the men at the front, which has gained for him the title of "the soldier's friend" par excellence. He is now the most prominent candidate for the seat in the United States Senate which the Hon, Edgar Cowan, by his recent political course, will forfeit on the 4th of March next.

GEARY, the present candidate for Governor of the National Union Republican party, is a man of great executive ability as well as of large military experienc. He was the first Mayor of the city of San Francisco, and held various judicial and military positions in California, both when it was a Territory and after its admission into the Union. He was the last appointment as Territorial Governor of Kansas made by President Buchanan, and was also a colonel in the Mexican war. On the breaking out of the Rebeilion, he again entered the army, as an aid to General Banks. He was advanced per sallem to the rank of Brigadier, and afterwards to that of Major-General of Volunteers.

Cameron is a man who has so engrafted his name and reputation into the political and legislative relations of our country, that a detailed account of his career would be superfluous. He is a living example of the axiom, that "There is no excellence without great labor." He raised himself, by his own unaided efforts, from a journeyman printer to a position in the governmental economy of our great country second to none in influence and trust. For ten years he was a Senator of the United States, and he has been Secretary of War, Minister to Russia, and a prominent candidate for the Presidency.

FORNEY is the well-known editor of the Press. of this city, and of the Chronicle, of Washington. He is now Secretary of the United States Senate, and a prominent candidate for Mr. Cowan's seat that body.

O'NEILL was born in Philadelphia, and a lawyer by profession. In 1850 he was elected to the lower House of the State Legislature, and served two years, and one year also in the State Senate. In 1862 he was elected to the Thirty-eighth Congress, and has served two terms. He is now a candidate for the third PACIET

MYERS is a native of Bucks county, Pennsylvania. He is a lawyer by profession, and has been very successful. He was elected a Representative in Congress from the Third District in 1862, and has served two terms. He was renominated by the Congressional Convention which met on Wednesday last.

KELLEY commenced life as copy boy in a printing office; studied law under Colonel James Page, and was admitted to the bar in 1851; served, subsequently, as a Judge of the Court of Common Pleas of Philadelphia. He was elected to the Thirty-seventh Congress, and reelected to each succeeding Congress, and is again a candidate.

THAYER is a native of Petersburg, Va. He studied law and was admitted to the bar in 1842. He was elected to the Thirty-eighth Congress, and returned to the Thirty-ninth. He has been again nominated, but declines a re-elec-

BROOMALL is a prominent lawyer of Delaware county. He has served several terms in the State Legislature; was elected to the Thirty-eighth Congress, and again to the Thirty-ninth, and is now a candidate for re-election. For many years before he succeeded in getting into the House of Representatives, he was a candidate in opposition to the Hon. John Hickman.

B Streens is a native of Vermont, and a graduate of Dartmouth College. After practising at the bar for some years in Adams county, he was elected, in 1835, to the State Legislature, and was re-elected five times. In 1848 he was elected to the Thirty-first Congress, and has a county of the congress, and has a condition of the congress of elected, in 1835, to the State Legislature, and

been returned regularly to each succeeding

Congress SCHOFFELD is a native of New York, and was admitted to the bar in Warren county, Pa., in 1843, subsequent to which he served a number of terms in the State Legislature. In 1861 he was elected Presiding Judge of the Eighteenth District Court. In 1862 he was elected to the Thirty-eighth Congress, and re-elected to the present Congress.

MOORHEAD was elected to the Thirty-sixth Congress in 1859, and returned regularly to each succeeding Congress. He is an extensive cotton manufacturer, and is immensely wealthy.

Rhode Island. The National Union Central Committee of this State, on the 29th of August, appointed, among others, the following

DELEGATES, Gen. A. E. Burnside, Wm. Sprague, Nashan F. Dixon, Wm. Greene, B, Sears, D D , LL. D., John S. Smith.

BURNSIDE, the second commander of the Army of the Potomac, and the present Governor of the State, has made a record that is too well known to need any comment.

ANTHONY is of Quaker ancestry, and is a graduate of Brown University. He was for many years the editor of the Providence Journal, with which paper he still maintains an editorial connection. He was elected United States Senator in 1859 and re-elected in 1864.

SPRAGUE has received a liberal education, and is one of the proprietor of the leading cotton manufactory of the United States. In 1861 he was elected Governor of Rhode Island, and in 1862 was elected to the United States Senate from his native State. In the same year President Lincoln commissioned him a Major-General of Volunteers. He is immensely wealthy, and is the President of several banks and insucance companies, but is only thirty years of age.

JENCKES is considered the best authority in the United States on the law of patents and bankruptcy. He was elected a Representative in Congress in 1863, and re-elected in 1865. He has obtained a great increase in his reputation by the authorship of the National Bankrupt bill. which he has kept pending in the House of Representatives ever since he became a member of that body.

Dixon is a graduate of Brown University, and also of the law schools of Harvard and Yale, After practising law for some years, he was elected to the General Assembly of Rhode Island. In 1849 he was elected to the lower House of Congress, and again in 1863. He still holds his congress, seat in that body.

Among the delegates appointed by the Union State Central Committee are the following

DELEGATES AT LARGE. Paul Dillingham, Lieut. Gov. Gardner, Luke P. Poland, George F. Edmunds, Fred. E. Woodbridge, Justin S. Morrill, John B. Page, J. Gregory Smith, C. W. Williard, E. P. Walton.

DILLINGHAM is a native of Massachusetts, but removed to Vermont when very young. He was the recipient of a liberal and thorough education. He is a lawyer by profession. He has held various local offices of importance in Vermont, and has served a number of times in the Legislature of that State. He was elected to Congress in 1843, serving four years, and is the present Governor of the State.

Poland Las been Chief Judge of the Supreme Court of Vermont, and succeeded the Hon. Jacob Collamer in the United States Senate, in 1861. He is a lawyer of first-class reputation.

EDMUNDS, a distinguished lawyer, is at present Senator from this State. He was elected to succeed the venerable Senator Foote on his decease. MORRILL has acquired considerable distinct

tion for his study and of public course upon the question of a foreign tariff. He was elected to Congress in 1856 and served eight years. He was re-elected to the Thirty-ninth Congress.

WOODBRIDGE is also a lawyer of considerable note, and has served five years in the State Legislature. He was elected a Representative in 1863, and was again elected to the present

GARDNER has been Lieutenaut-Governor of the State. Smith was the predecessor of Dillingham as

Governor of the State. Wisconsin. The following delegation was appointed by the

Union State Committee:-DELEGATES AT LARGE. Hon. Timethy O. Howe, Lucius Fairchild, Hon, W. D. McIndoe. Hon. Levi Hubbell.

Russell & Erwin, Manufacturers' Agents for Lillie'

Gent emen.—The safe referred to in our letter of February 9, as having preserved its con ents periectly from fire, was again subjected to a very severe test by the fire of last Sunday night—one of the most severe fires that has occurred in San Francisco. It was taken from the ruins on Monday, and on opening, all the books and papers were found in periect condition, not the least sign of fire being visible inside the safe; this being the third time the safe has preserved its contents within the past five months.

LILLIE'S SAFE! IN THE FIRE FIFTEEN DAYS!

The Second Time the Same Safe Passes the Fiery Ordeal .-- A Test no Sheet-Iron Safe Can Endure.

H. STEEL & SON. CERTIFICATE OF JUDGE FOX.

Messys. Murray & Wone, Agents Lattle's Barks.

Gentlemen —We had a No. 7 LHLLIE'S PATENT CHILLED AND WROUGHT-IRON SAFE in our office, on Fachange street, at he time of the great fire o' July 4. 1885. The sale was in the accord story of the building, and fell to the cellar, where it lay entilely unprotected for 15 days. When diggins it out, yesterday atternoon, we found the bricks surrounding it too dot to hold in the hand. On opening it this morning, we found at the books and papers in a good state of preservation. This safe probably had as severe a test as say in the fire, as Saises of other makers in adjoining buildings had their CONTENTS BURNED TO CINDERS.

This is the SECOND TIME THIS SAFE HAS BEEN. TENTED BY FIRE, as it was in the store of F. EtHart's when it was burned in February, 1861, at which time it also preserved its contents.

Our confidence in the fire-proof qualities of LILLIE'S SAFES is increased by unparaleled tests, and we have no doubt of their SUPERLY BURNED OVER ALLOCHERS. CERTIFICATE OF JUDGE FOX. Two Cases Empress Cloth Poplins of their And fully 15 per cent. lewer than the same qualities DOUBLE WIDTH BLACK ALL WOOL DELAINES Yours truly, EDWARD & FRED FOX.

No sale of Lillie's make was destroyed in this fire, or alled to preserve the contents, which fully endorses the high reputation of these Safes as being the most reliable ne-proof protection made.

The following important facts are most thoroughly demonstrated in the above certificates :-First. That Lillie's Safe stands the second fire as well

as the first, and both Safe and contents still fit for use. while other Safes are worthless after the first fire, and, if the fire is severe, books and papers have to be copied. preserved at all, and very frequently lost. Second. That Lillie's Safes are honestly drill-proof

perfectly wedge-proof, powder-proof, and, in every some of the word, burglar-groof, and, as a further evidence, I assert that there never has been, to this time, one of Lil lie's Bank Safes robbed (that is, Safes two mohes thick). A word to the public and to my old friends and pa-

trons :-- My motto is. "A nimble sixpence rather than a slow shilling." I have taken a roomy, sonvenient cheap store, for five years, on Arch street, instead of a dear one on Chesnut My cartage is dene with one herse instead of three horses. Fconomy and small profits is my motto. The Safe Works are now removed from Troy and in successful operation near Philadelphia, in this State, and I trust hereager to be able to furnish my patrons, cheaply and promptly, with the best Sajes, Vaults, Locks, etc., in the United States or

Means Muray & Wome, Agents for Lillie's Sates:

Gentlemen:—sy office was entered on Monday night by some daring burglers, who forcib y opened the outer office door. I have in use a large Lillie's Fatest fire and Burglar Proc Safe, which the audacious villains made a desperate attempt to open, using all the form dable tools of old hands at the business. A heavy siedge, and some bars taken from a blacksmith's shop in the neighborhood had been used with much vigor. A number of their steel wedges were driven around and between the doors, without effect. Efforts to dril the safe were entirely nutile. In several places the point of the dril had made marks, only to show that the chilied iron was perfectly impensivable. I send you the one door for repairs.

ASOTHER FRUITLESS AITEMPT TO ROB ONE OF LILLIE'S BANK SAFEA.

NATIONAL BANK,

SCHUTLERVILLE, N. Y., March 30, 1868.

Messra, Iallie & Sont—

A desperate at empt was made to rob this Bank en the night of the 18th instaut, as you have heated. The particulars are as follows:—The burgiars entered the bank by prying open a window; they then tried the vanit doors made by you by breaking off the knob and exploiding what powder they could get m. but doing ne damage to the door. They finally succeeded in getting into the vanit by digging through a heavy wall. Here they found a forman worthy of their sical—one of your Burgiar proof sales—as it proved to be. They broke off the knob of the door, and tried in vain to drive in the spindle; they then broke off the handle and dial of the lock, and tried to cut out and to drive in the centre piece but saled a so in this They then tried with heavy stedges to break in the doors which successfully resisted all their efforts. They evidently worked latch fully all night, as they were seen to leave the village about five o'clock in the morning.

We have received the sale you sent us, and are confident, when looked, the contents are beyond the reach of they were looked. The WATSON, Cashier.

TEIAL OF A SAFE IN THE OFFICE OF C. B. The superiority of the Rubber Paint over all others consists in its great durability, owing to the presence of dissolved Rubber in its composition. Dealers wat find it to their advantage to buy this paint, as it possesses superior merits, and is, at the same time, as cheap as other makes, and when once introduced will be generally preferred. An improvement in paint has long been needed, and we feel contident that when fully understood, the Rubber Paint will become the great

The attention of the public is particularly called to the oflowing evidences of the peculiar merits of the Rubber Paint, and its superiority over the old article for the finest work, and especially for exposed surfaces or shipping, depots, cottages, roofs, damp walls, bridges

The rubber is first dissolved and then ground into the paint imparting to it ail the well-known virtues of the rubber, namely, superior durability, elasticity, and great resisting power to water, and even acids. While supe rior in many respects,

IT COSTS NO MORE THAN OTHER PAINTS.

The American Gum Paint Company's Cottage Colors. These Colors are especially prepared for Cottages and

Country Seats. They are numbered from I to 16, and put up in case, from I pound upwards. They are ground in pure Linseed Oil and Dissolved Rubber, and cannot be equalled for durability. The great advantage of these Colors over other makes is in their superior resisting power to soids and the weather. The soaps used for washing paint are composed of soids and ive, and will offtimes destroy ordinary paints; hence the necessity of precuring an article which will resist all such influences.

FOR PRESERVING DAMP WALLS THIS PAINT HAS NO EQUAL,

IT WILL PREVENT THE ABSORPTION OF WATER, AND KEEP THE HOUSE DRY

PHILADELPHIA, October 17, 1865.

To the American Gum Paint Company—Gents:—I have given your india Rubber Paint a full triat, and find it to possess a superior body; it flows smeethly, and when dry makes a gloss common to no other paint. I have used your colors on the finest work for both bones and sign sainting, and they have given entire satisfaction. Your White Lead is equal to any in the market. I shall centinue to use and recommend them to all who desire a superior article.

Truly yours,

House and Sign Paintss,

To the American Gum Paint Company—Genis:—ft gives me great pleasure to say that I have caused Bu cher's Patent Rubber Paint to be used upon work done for me, and it has given great satisfaction I believe it to be the best and most durable paint for metallic roofs, or indeed for any work in which the object is to resist dampness.

Respectfully,

PHILADELPHIA, January 25 1835

To the American Gum l'amt Company—Gents:—I have used several thousand dollars' worth of your Faint on bridges, passenger stations, freight houses, etc. It believe it secures metalic surfaces from oxidation, and can be recommend especially when the works requiring it are extensive. I shall continue to use it, believing it to be to my advantage to do so.

RICHARD B. O'NORNE,

Civil Engineer.

To the American Gum Paint Company—Gentlemen:

Having made use of your Patent Rubber Paint mero
or less for the last tour years, upon different kinds of
me al as well as wood where it has been in constant
contact with water. I find it all I could wish, and recommend it to others, who wish a paint that will stand
the action of air and water, and is durable.

I remain yours, etc.,

To the American Gum Paint Company—Gentiemen:
— For many years we have been anxious to secure a paint that would effectually resist the action of air on iron and prevent corrosion. We have tried many recommended for this purpose, but have lound them worth—less After testing your India Rubber Paint, we are confident of its superiority, and shall continue to use to at our works. We consider it invaluable at our works. We consider it invaluable.
